2020	65	57	87.7%										
2021	68												

Note: Students are excluded from Retention Headcounts and Rates if they died or graduated in a prior year. Deceased students are also not counted in the denominator when calculating Graduation Rates.

*Note: The formula for Retention Rate = Retention Headcount / (Entering Headcount - Excluded).

+Note: The formula for Graduation Rate = Graduation Headcount / (Entering Headcount - Excluded). Additionally, summer graduates are included and considered the trailer term in a graduation year.
