

SETON HALL UNIVERSITY

Student Application for Medical Exception Parking

Only resident seniors, those with 90 or more credits, and commuters are allowed to purchase a parking permit and have a car on campus. Exceptions to this parking restriction are rarely made and may be considered for students with a disability-related need for having a car on campus. This application is to request parking on campus due to a disability or medical condition. Requests for an exception will be reviewed on a case-by-case basis. Frequency, duration, and location of treatment facility will be considered as part of the review process. Your request must be accompanied by the attached certification form which must be completed by a qualified healthcare professional. Please return completed request and certification form to Disability Support Services.

Please Note: Seton Hall provides regular shuttle service throughout the day around town, and also offers trips to major shopping areas and the South Orange train station. In addition, Zipcar vehicle sharing services are on-campus and available for use by all SHU students. For information on other mass transit, please visit www.njtransit.com.
